Please mail this rebate application with a copy of the contractor invoice(s) to:*

Pepco HVAC Rebate Processing Center
7515 Mission Drive • Lanham, MD 20706
*Allow 6-8 weeks for processing***

** For tune-ups, this application must be accompanied by a copy of the itemized invoice(s) detailing the work performed and HVAC Verification Worksheet (if applicable). For replacements, this application must be accompanied by a copy of the itemized invoice(s) detailing the work performed, including make, model, serial number, ARI reference number and SEER rating and HVAC Verification Worksheet (if applicable).*

*** Failure to complete this application in its entirety will result in a delay in processing your rebate.*

This program supports EmPOWER Maryland.

Your life. Plugged in.™

Customer Instructions for Completing Application

1. Read Terms and Conditions below.
2. Complete top section of rebate application (Customer Information).
3. Return completed application within 90 days of installation or tune-up along with a copy of the itemized invoice for work performed at the address listed on page 1 and HVAC Verification Worksheet (if applicable).
4. Keep copies of all documents submitted for your records.
5. A post installation visit and/or call may be required to verify that application meets Program guidelines. No warranty is implied by this inspection.

Contractor Instructions for Completing Application

1. Read Terms and Conditions below.
2. Verify that installation/tune-up meets Program eligibility requirements before giving application to customer.
3. Complete all appropriate Contractor sections of rebate application.
4. Submit itemized invoice(s) for work performed and provide HVAC Verification Worksheet (if applicable) to customer.
5. A post installation visit and/or call may be required to verify that application meets Program guidelines. No warranty is implied by this inspection.

Terms and Conditions

1. Customer Eligibility

This Home Energy Savings Program is offered to single, manufactured, and multi-family homes where there is a Pepco Maryland residential account. It is the responsibility of the Customer to assure that the application is filled out completely, signed by the Customer and the contractor, accompanied by documentation as required in the Documentation section below, and received within 90 days of project completion. All equipment must be purchased and installed prior to submitting this Application. Failure to provide any of the required information will delay or prevent processing of your rebate.

2. Participating Contractor Requirement

All work must be performed by Participating Contractors registered and in good standing with the Program as listed on the Pepco website indicated below. All work (tune-ups and equipment replacements) must be validated by the contractor utilizing the Service Assistant™ advanced diagnostic tool or by completing the appropriate Worksheet. Work performed by non-participating contractors or by the Customer is NOT eligible for rebates.

Contractor Grandfather Clause: Replacements of HVAC systems that meet program rules and requirements are also eligible for a rebate if completed in the 30 days prior to the date a Participating Contractor was accepted by Pepco into the Program.

3. Energy Efficiency Improvements

The Program will only pay rebates for the improvements specified on this HVAC Program Rebate Application. All work must be in conformance with state and local code requirements. Pepco has no obligations regarding and does not endorse or guarantee any claims, promises, work, or equipment made, performed, or furnished by any contractors or equipment vendors that sell or install any energy efficiency products and/or services. Pepco is NOT LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES, OR FOR ANY DAMAGES IN TORT CONNECTED WITH OR RESULTING FROM PARTICIPATION IN THIS PROGRAM.

4. Installation Verification

Pepco reserves the right to monitor and conduct inspections of the installation equipment listed on the Rebate Application form to verify compliance with the Home Energy Savings Program rules, verify the accuracy of project documentation, and verify equipment/system performance.

5. No Warranties

Pepco does not guarantee the energy savings and does not make any warranties associated with the products and/or services eligible for rebates under this Program.

6. Changes to the Home Energy Savings Program

This Program may be modified or terminated without prior notice, and rebate offers may increase or decrease at any time.

7. Incentives

- For a rebate of \$150, the Seasonal Energy Efficiency Ratio (SEER) for replacing Central Air Conditioner must be SEER 14 or greater, Energy Efficiency Ratio (EER) 11.5 or greater.
- For a rebate of \$300, the Seasonal Energy Efficiency Ratio (SEER) for replacing Central Air Conditioner must be SEER 15 or greater, Energy Efficiency Ratio (EER) 12.5 or greater.
- For a rebate of \$200, the Seasonal Energy Efficiency Ratio (SEER) for replacing Air Source Heat Pump must be SEER 14 or greater, Energy Efficiency Ratio (EER) 11.5 or greater, Heating Seasonal Performance Factor (HSPF) 8.5 or greater.
- The annual tune-up is a cleaning, lubrication, and controls maintenance and is eligible for a rebate of \$100. Up to two units may be tuned up and up to two units may be replaced per Rebate Application. A separate Rebate Application would need to be filled out and submitted for additional units owned by the Customer.
- One rebate check will be issued to the Customer applying for each completed and approved application. All rebates are paid to the Customer and address on record. Please allow 6-8 weeks for processing. Customer agrees that they have not received other rebates from any other programs in excess of the total installation costs for the installed product(s) for which they are requesting a rebate through this Program. Potential tax liabilities are the sole responsibility of the Customer. Please contact your tax advisor for more information.

8. Documentation

- For tune-up rebate, this application must be accompanied by a copy of the itemized invoice(s) detailing the work performed. All invoices must include the Participating Contractor's company name, address and phone number. If work is validated by Worksheet, attach a copy to the rebate form.
- For replacement rebate, this application must be accompanied by a copy of the itemized invoice(s) detailing the work performed including make, model, serial number, AHRI reference number and SEER rating. All invoices must include the Participating Contractor's company name, address and phone number. If work is validated by Worksheet, attach a copy to the rebate form.
